Logout (*opens in pop up window*)

+ new, additional (*future development*)

Navigation / Company, store, cash register

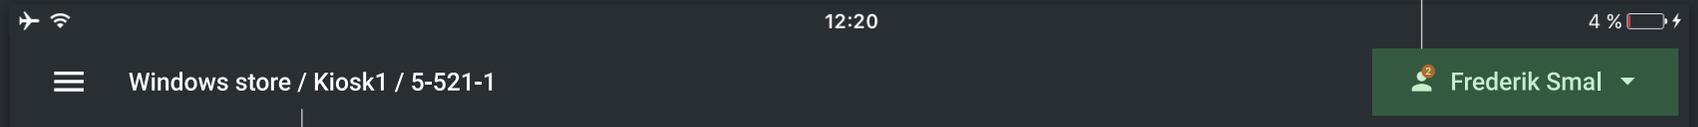

Top navigation / Functions

Noticifation icon

If all the hardware is connected it shows only white icon (no bubble over)

If one or mutiple hardwares lost the connection it shows red bubble over person icon + number of notification (inside the bubble)

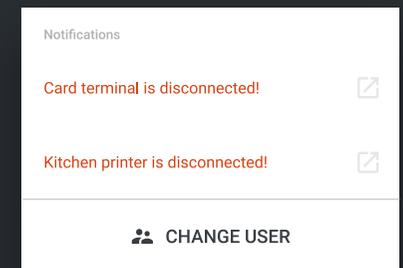

On tap

Hierarchy information (breadcrumbs)

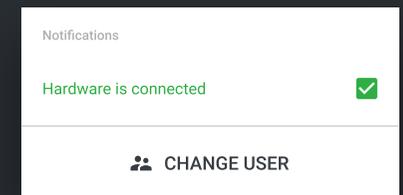

Behaves exactly the same way like in main navigation, but it is not interactive anyhow

Menu icon

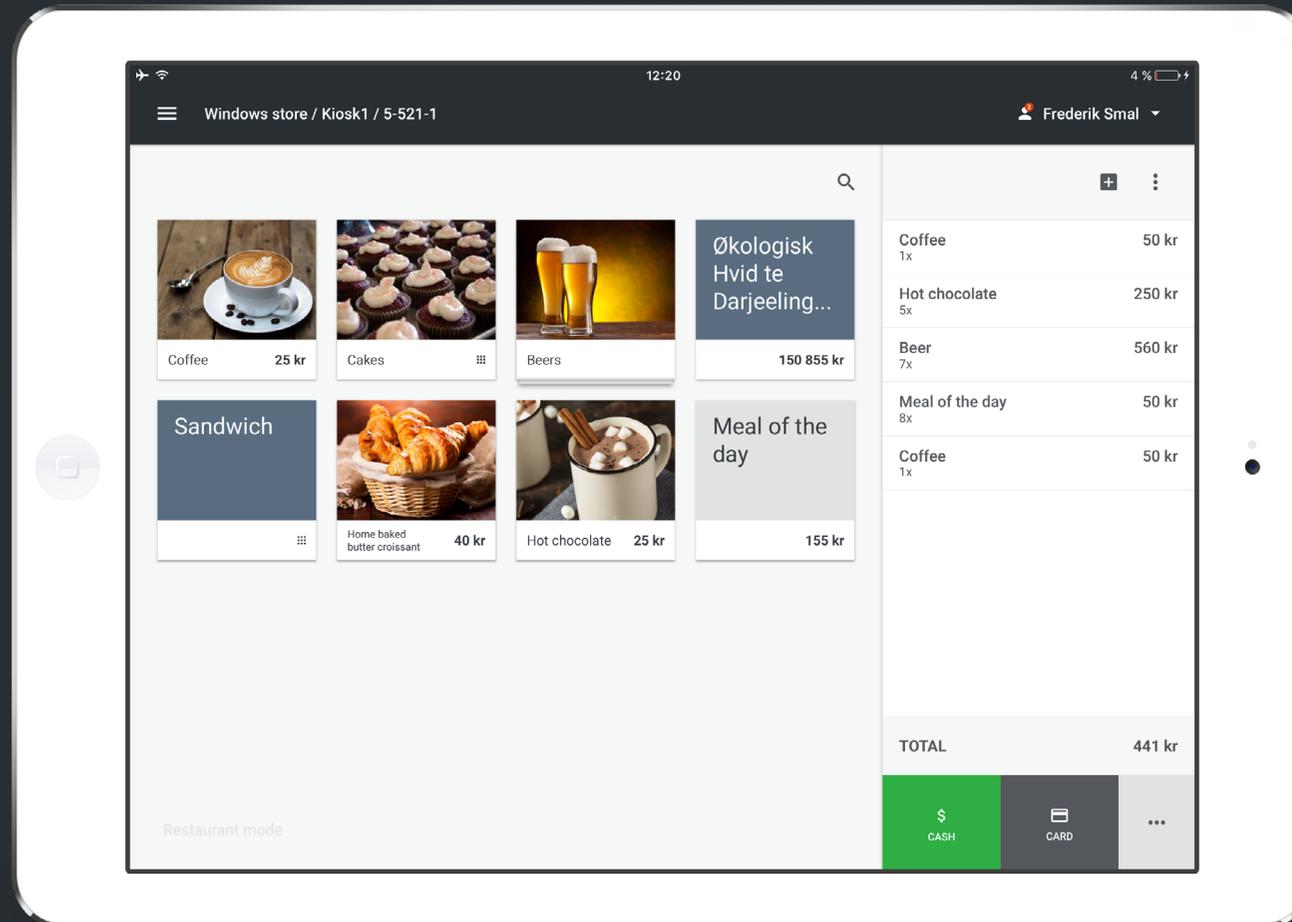

Open the Main, left navigation

/ or

POS / Counter

POS / Products & Categories

Product with image
(with product options, therefore
does not show price)

Category
(with image, when category has
no image than behaves like
product with no image)

Product with no image
(no product option)

Simple product view
(no product option)

Coffee **25 kr**

Cakes 

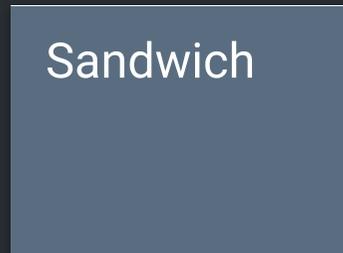

Beers

Golden
brick

150 855 kr

Product with no image
(with product options, therefore
does not show price)

Sandwich

Home baked
butter croissant **40 kr**

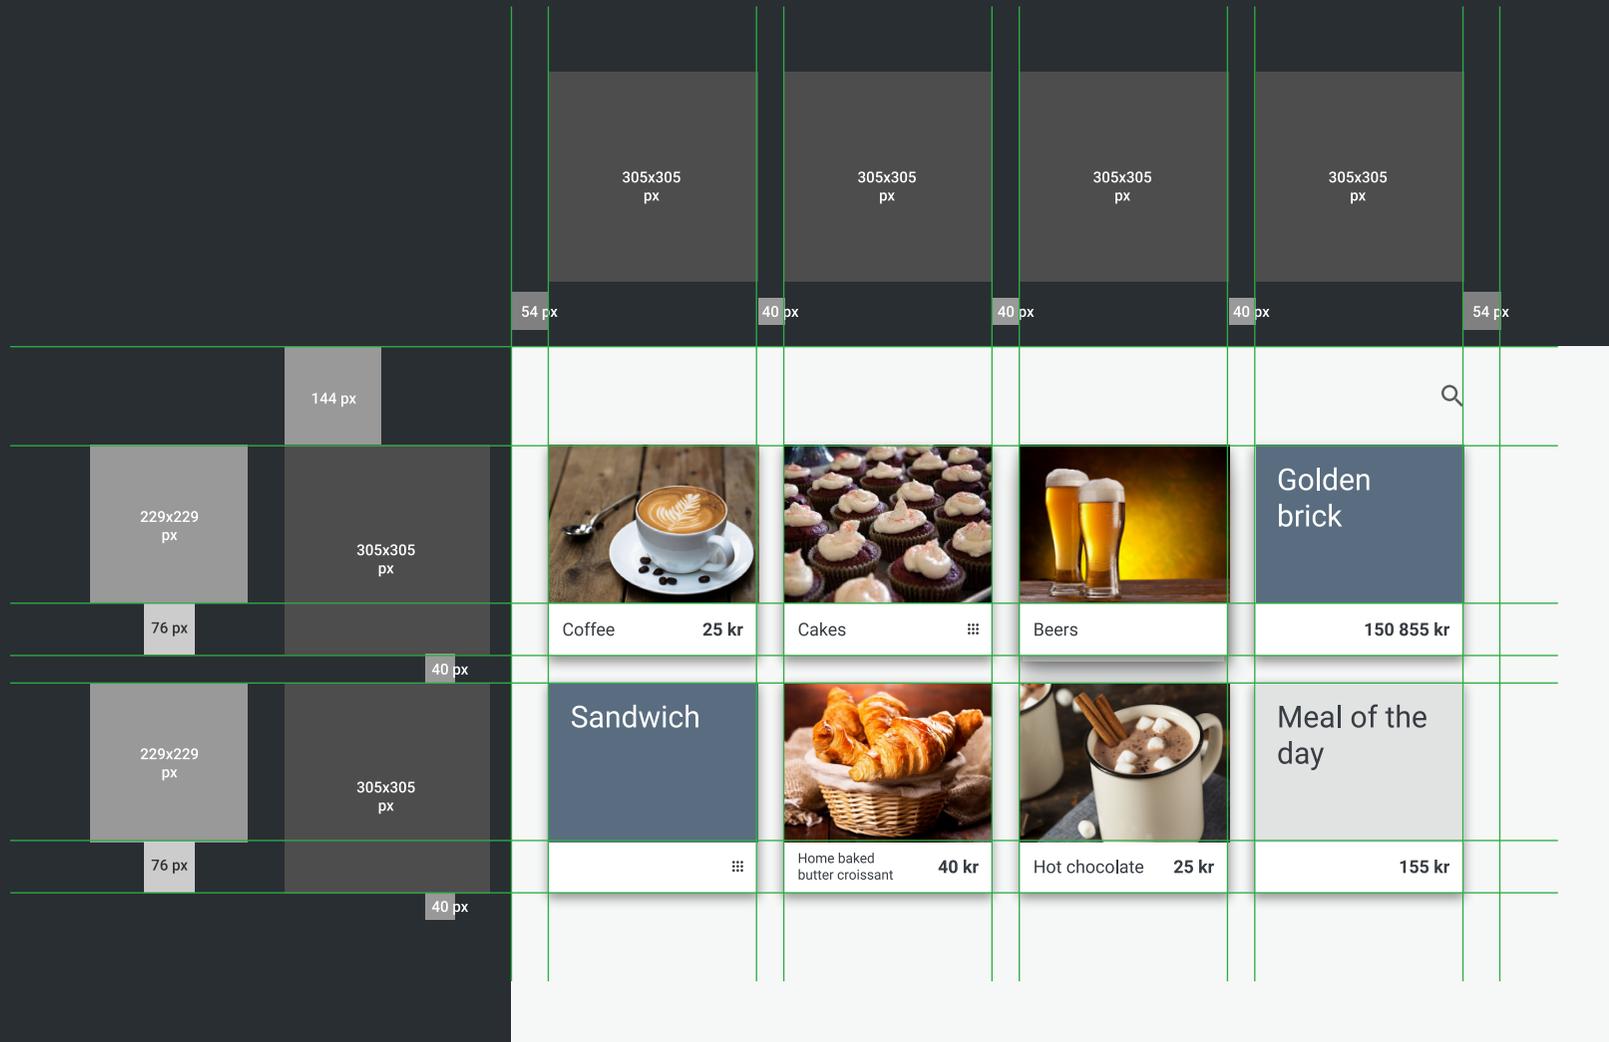

Hot chocolate **25 kr**

Meal of the
day

155 kr

Product with image
(if the name of the product is too long it
will display it with smaller font size)

POS / Items layout

POS / Product details

Image ratio 4:3

Text is centred

Coffee **25 kr**

Roboto, regular, 26px

Roboto, bold, 26px

20px (iPad retina screen)

The coffee product card features a 4:3 image of a latte on a wooden surface. Below the image is a white bar containing the text 'Coffee' in Roboto regular 26px and '25 kr' in Roboto bold 26px. The text is centered. A 20px gap is shown between the image and the text bar.

32 px

32 px

32 px

Golden
brick

150 855 kr

20px (iPad retina screen)

Roboto, regular, 44px

The 'Golden brick' product card has a blue header with the product name in white Roboto regular 44px. Below is a white bar with the price '150 855 kr' in black Roboto regular 44px. A 20px gap is shown between the header and the price bar. Marginal dimensions of 32px are indicated on the top and left.

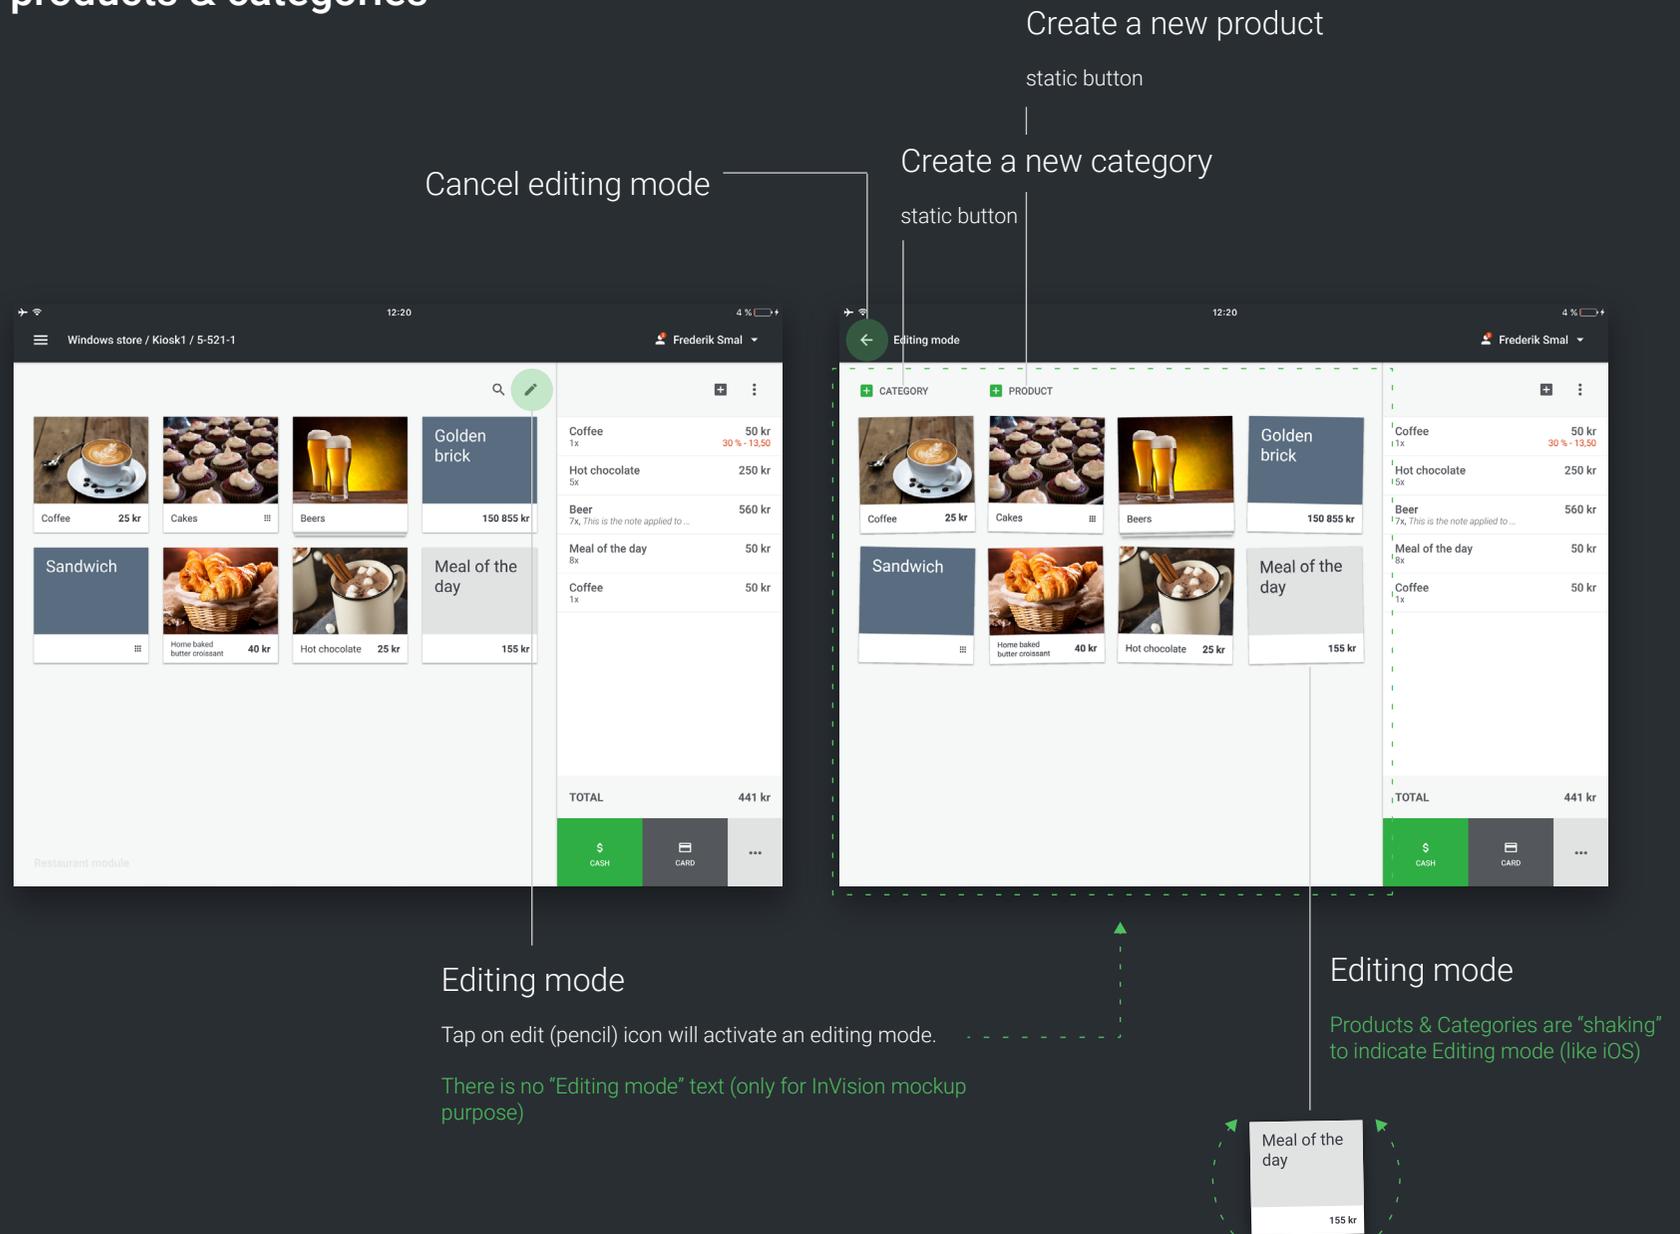

Home baked
butter croissant **40 kr**

Roboto, regular, 20px

The croissant product card features an image of croissants in a basket. Below is a white bar with the text 'Home baked butter croissant' in Roboto regular 20px and '40 kr' in Roboto bold 20px.

POS / Editing the products & categories

Editing mode

Tap on edit (pencil) icon will activate an editing mode.

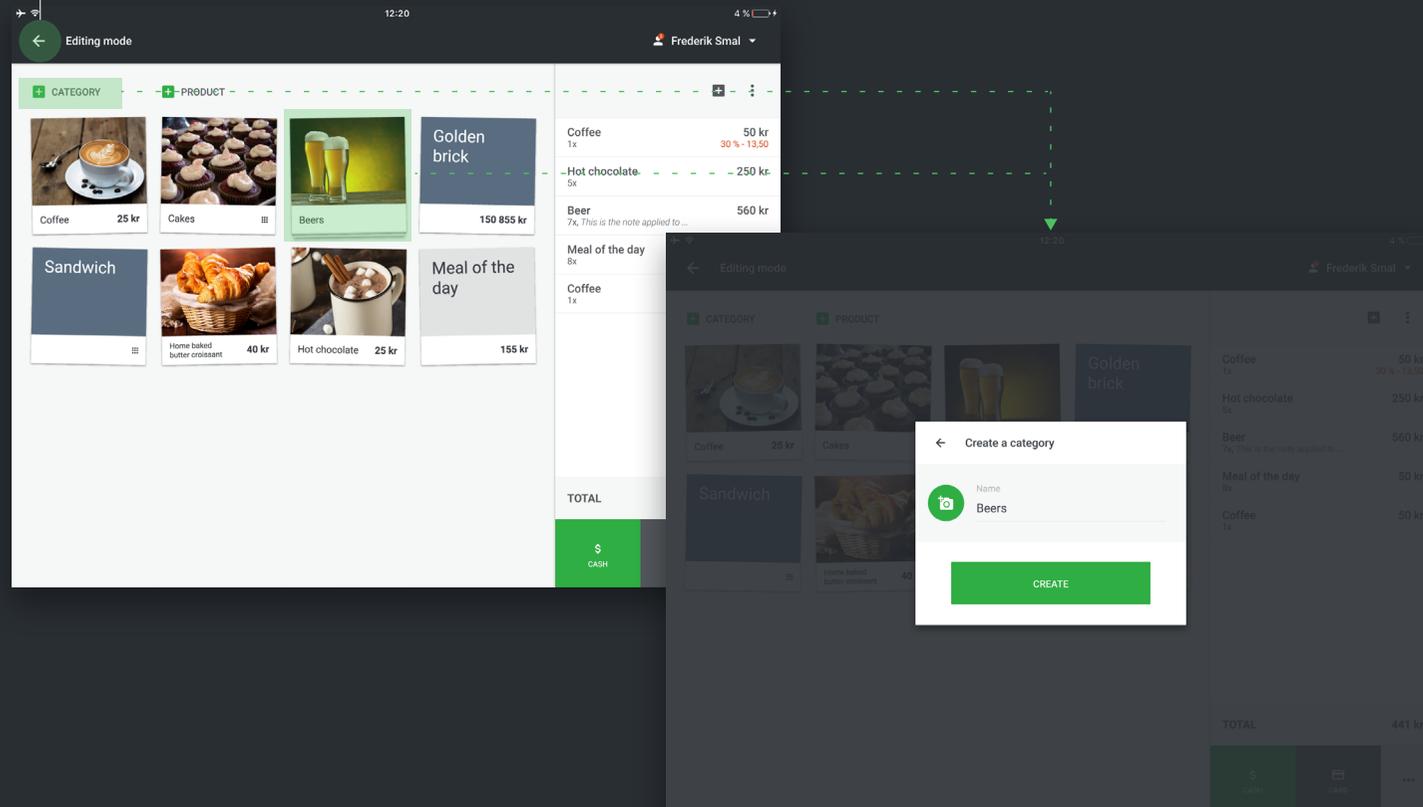

There is no "Editing mode" text (only for InVision mockup purpose)

Editing mode

Products & Categories are "shaking" to indicate Editing mode (like iOS)

POS / Creating & Editing the categories

Cancel editing mode

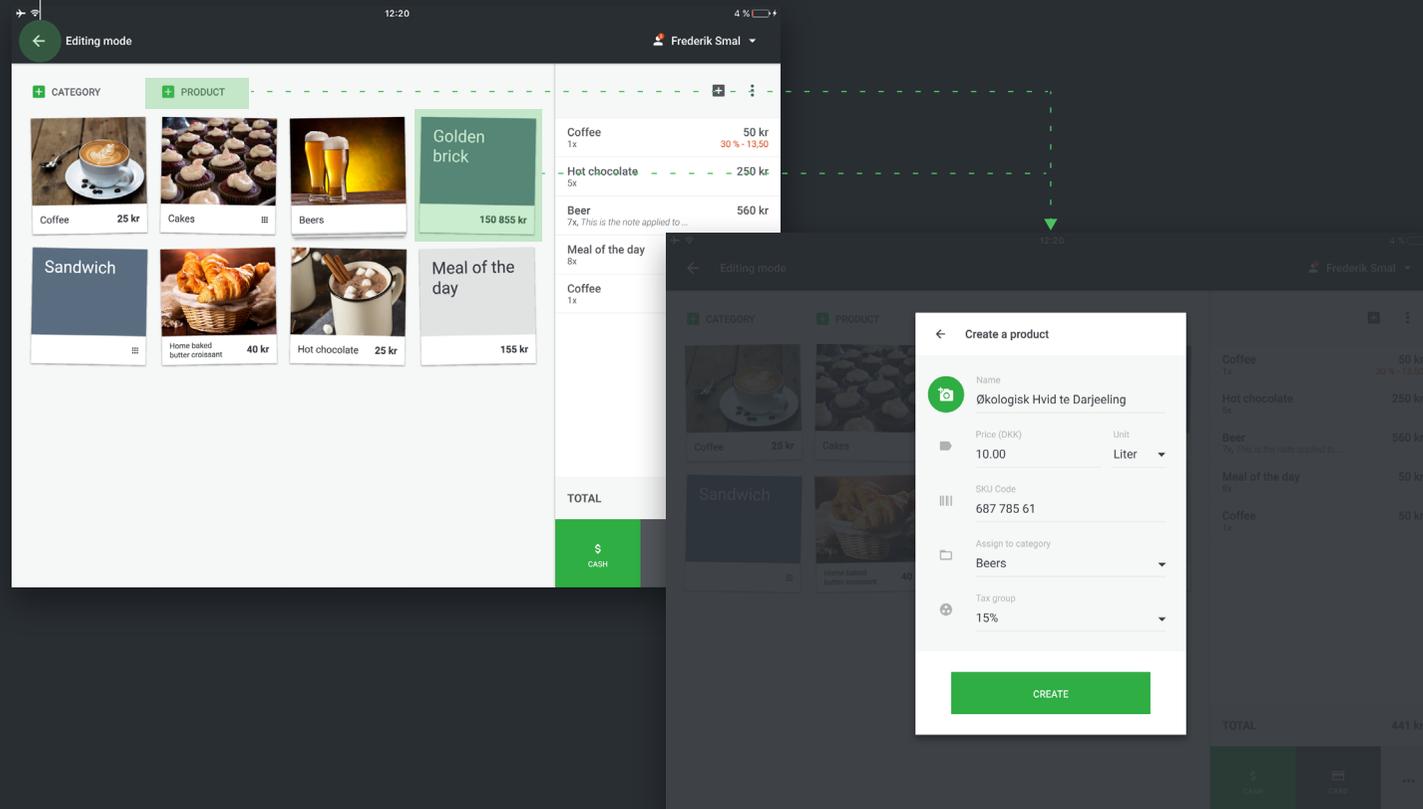

Create a category window

Same window will appear if editing the existing category.

Instead of "Create a category" -> "Edit a category"
Instead of "Create" button text -> "Save"

POS / Creating & Editing the products

Cancel editing mode

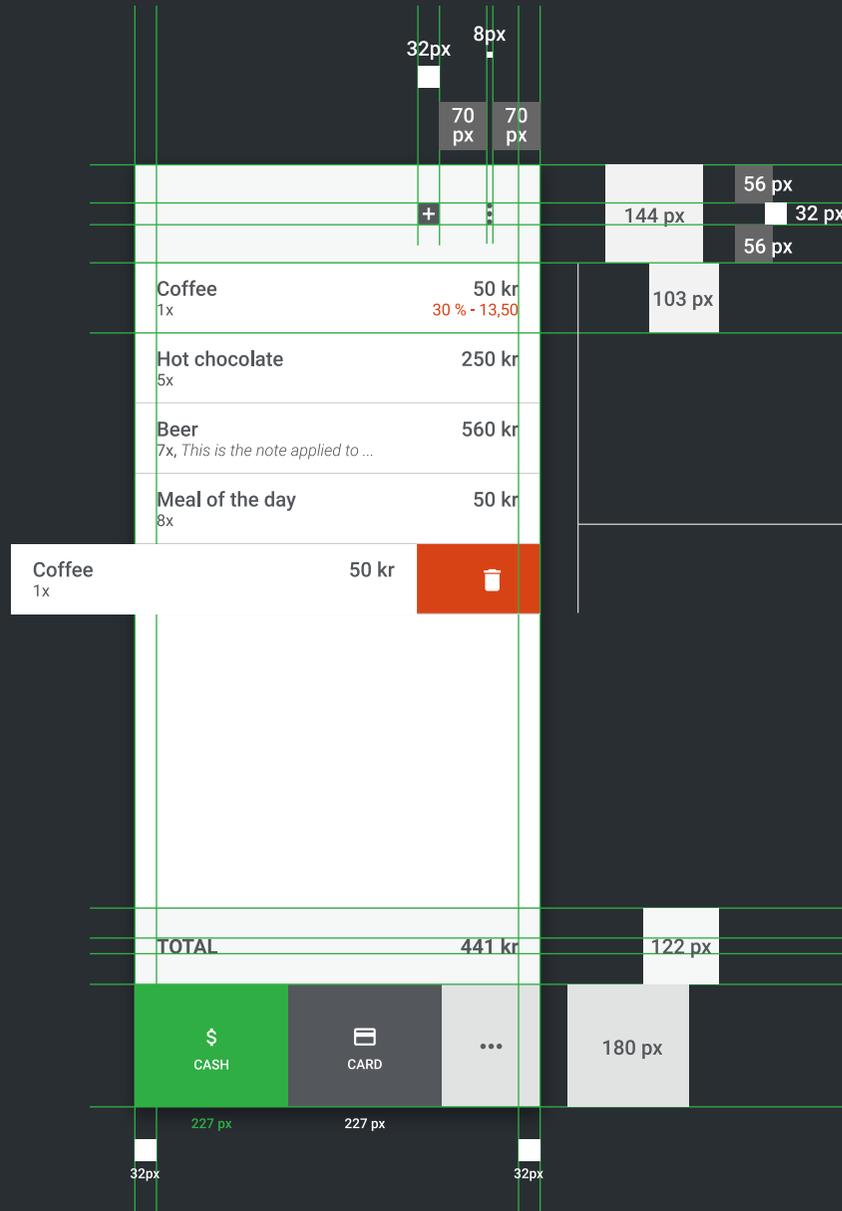

Create a product window

Same window will appear if editing the existing product.

Instead of "Create a product" -> "Edit a product"
Instead of "Create" button text -> "Save"

POS / Basket in kiosk module

Hot chocolate 250 kr
5x

Product in basket

POS / Basket for restaurant module

Scrolling

When scrolling in product basket, shadow is added under the course menu (illustrated on video)

Course navigation

1. Selecting the course within user wants to operate
2. When clicking on the course number product list will move up to the particular course
3. Behaves in a same way as normal counter (swipe left = delete item)

Payment buttons

There is no "Save" button, because products in basket are saved automatically

Tables (icon)
Opens the tables screen (next page)

Tables (icon)
Opens the tables screen (next page)

The image shows two side-by-side screenshots of a POS interface. The left screenshot shows a basket for 'Table 1.1' with a 10% discount. The right screenshot shows the same basket with a 'Takeaway' menu overlay. The 'Takeaway' menu lists items from other tables: Table 1.1 (50 kr), Table 2.2 (250 kr), Table 2.3 (560 kr), and Table 2.5 (50 kr). The main basket items are Coffee (1x, 50 kr) and Hot chocolate (5x, 250 kr) for the 1st course, and Coffee (1x, 50 kr) for the 2nd course. The total is 441,00 kr after a 10% discount of 85,52 kr.
